

This picture of a past ARCHIDEX exhibition shows a big crowd thronging the event. This year's ARCHIDEX marks a milestone as it continues to be a successful exhibition that has grown in size, strength and influence.

At the forefront of architecture

ARCHIDEX, an annual trade exhibition, is notably the most anticipated annual event in the architecture and building industry and the most exciting and strategic ground for industry professionals across the region to gather.

The 15th International Architecture, Interior Design & Building Exhibition, ARCHIDEX and its co-located exhibition ECO-B (3rd Eco Building & Design Exhibition) open tomorrow and will take place till June 28 at Kuala Lumpur Convention Centre.

It is a four-day congregation for the region's fraternity of architects, urban planners, interior designers, academicians, students and allied professionals.

This year, the exhibition celebrates its 15th instalment as part of a pillar of six major events for the region's architecture, interior design and building industry's most important date, namely the 16th Asian Congress of Architects (ACA 16), a major bi-annual architecture conference hosted by PAM (Malaysian Institute of Architects) and the 35th Council Meeting of Architects Regional Council of Asia (ARCSIA).

Besides ARCHIDEX, the annual key events held in conjunction with ACA16 are:

- Datum: KL (International Architectural Design Conference)
- KLDf (Kuala Lumpur Design Forum)
- PPF (Professional Practice Forum)
- GBF (Green Building Forum)
- ACSR (2nd Arcasia Committee on Social Responsibility Architecture Symposium)
- ARCSIA Architecture Awards Presentation Ceremony
- Building Industry Gala (BIG) Night 2014

The co-located exhibition, ECO-B, is also a significant annual exhibition that industry professionals look forward to.

It caters to an exponential rise of global interest in green building technologies, designs and solutions.

The latest methods and expertise will be shared among professionals, as well as the newest sustainable materials and products for various applications that are aesthetically appealing yet renewable.

Green building assessment tools and rating consultations are also part of the ECO-B exhibition.

This year's ARCHIDEX marks a milestone as it continues to be a successful exhibition that has grown in size, strength and influence.

It is occupying nine exhibition halls filled with an impressive 1,520 exhibition booths represented by over 550 local and international companies. A total of 32% are new exhibitors.

"Seventeen countries are participating this year - Austria, Australia, China, Estonia, France, Germany, Hong Kong, Indonesia, Japan, South Korea, Singapore, Spain, Switzerland, Thailand, Turkey, United Arab Emirates and Malaysia. Five country pavilions include Austria, Germany, Singapore, South Korea and China.

"This sums up to 20% of international participation overall," said CIS Network Sdn Bhd president Datuk Vincent Lim. CIS is the joint organiser of ARCHIDEX and ECO-B.

The exhibition will also see new product launches through the New Product Award and New Eco Product Award to acknowledge the most significant ones distinguished by their design, innovation and technological advances based on a stringent

set of criteria.

A total of 69 nominees have been submitted by 67 participating exhibitors with 35% of them newly introduced to the market.

Besides, there are also the not-to-be-missed trade presentations by selected exhibitors, BIZ@ARCHIDEX and BIZ@ECO-B that cover a range of products of the built environment for industry professionals.

Visitors also stand a chance to win prizes:

- Win KARE designer pieces for pre-registered visitors who visit the exhibition.
- Visit & Win Contest with two air tickets to Munich, Germany, sponsored by Hormann.

Just visit Hormann's booth at the German Pavilion - Booth No.1B037, Hall 1. This contest is open to all visitors, conference and forum delegates.

CPD points are applicable for architects visiting ARCHIDEX and ECO-B and attending the trade presentations.

The Gold Sponsor of ARCHIDEX 2014 is Lamitak and the Sponsor is Hoto, while ARCHIDEX Lounge at Hall 9 is sponsored by Niro Granite.

Exhibition hours: 10am-7pm
Trade days: June 25 and 26
Trade, public and student days: June 27 and 28

CPD Point Counters are located in Hall 6, Ground Level and Hall 9, Mandarin Oriental Kuala Lumpur
