# PAM'S COMPETITION

For the past 2 years PAM has successfully organised a series of competitions on Master Planning and Architectural design; from PAM Education Fund's 3 Stonor Competition to the recently concluded PAM NAZA TTDI Bertam Master Planning.

All in, there are more than 8 competitions. This was part of an effort to realize the aspirations of the Malaysian Architecture Policy (MAP) and to provide more opportunities for the discovery of Malaysian architectural talents.

Without doubt, an architectural competition is the best awareness for our architectural talents to be recognised. It also makes procurement transparent as long as the competitions are run by reputable entities such as PAM.

All these competitions are conducted based on the PAM Competition guidelines which is designed based on the UIA Guide for International Competitions in Architecture and Town Planning UNESCO Regulations Term of Application.

Organising 8 competitions within a period of 2 years is a record of sorts, as the last PAM organised competition was held in 2003.

Questions have been asked whether PAM is running too many competitions and whether the actual intentions of having architectural competitions are achieved.

Some participants and winners have also enquired on the way the competitions have been conducted.

In view of this, a committee has been set up to review the PAM Competition Guideline. This committee is headed by Past President on Council, Ar. David Teh. The committee invited PAM members to submit their views to the PAM Competitions and Review Committee. The response from members have been encouraging. It is hoped that the committee can conclude its finding and make its recommendation to PAM Council by early 2012. Meanwhile the competitions continue with the soon to be announced 1MDB Signature Tower Competition and much awaited Tanduk Project Competition.

# PAM GOLD MEDAL 2012

## **PAM Council invites nominations for PAM Gold Medal Award 2012**

PAM Gold Medal is the highest honour awarded by PAM to recognise **lifetime achievement in architecture** by Malaysian architects, whose careers have endowed the profession with great distinction and have promoted, either directly or indirectly, the advancement of architecture in Malaysia or internationally.

The updated and complete rules for the award are available on PAM website.

The selection will be made by the PAM Gold Medal 2012 Jury chaired by the PAM President Ar Haji Saifuddin Ahmad. The other members of the Jury appointed by PAM Council are PAM Gold Medalist 2011 Dato' Ar Dr Ken Yeang, PAM Past President Ar Haji Hussein Hamzah, PAM Past President Ar Boon Chee Wee and PAM Award Winning architect Ar Dr Lim Teng Ngiom.

All nominations, in the form of letters by at least two PAM Corporate Members addressed to the PAM President, must be received by PAM not later than 12.00 noon on Friday, 30 March 2012, at PAM Centre, 4 & 6 Jalan Tangsi, 50480 Kuala Lumpur.

PAM Gold Medal 2012, is expected to be presented at a ceremony with a Gold Medalist Address.

# LEMBAGA URUS AIR SELANGOR (LUAS) PEMAKLUMAN MENGENAI KEPERLUAN PERMOHONAN KEBENARAN BERTULIS DAN AKTIVITI PENGUBAHAN SUMBER LUAS DI BAWAH SEKSYEN 43 ENAKMEN LUAS 1999

Dengan hormatnya saya merujuk perkara di atas.

2. Untuk makluman Y.Bhg Dato'/tuan/puan, pihak Lembaga Urus Air Selangor merupakan salah sebuah agensi di bawah Kerajaan Negeri Selangor yang bertanggungjawab terhadap pengurusan sumber air dengan menguruskan lembangan sungai dan perairan pantai Negeri Selangor.
3. Sehubungan itu, Lembaga telah menggariskan sebanyak dua puluh sembilan (29) aktiviti di bawah "Aktiviti Pengubahan Sumber" yang memerlukan kebenaran bertulis berdasarkan seksyen 43(1) Enakmen LUAS 1999. Antara tujuan utama kebenaran bertulis ini ialah sebagai suatu kaedah pengawalseliaan oleh Lembaga terhadap sumber air, terutamanya bagi projek-projek yang melibatkan atau berhampiran dengan sesuatu sumber air. Sila rujuk LAMPIRAN A.
4. Sehubungan itu, tindakan undang-undang di bawah Enakmen LUAS 1999 boleh diambil terhadap mana-mana projek atau aktiviti yang dijalankan tanpa kebenaran bertulis oleh pihak Lembaga.
5. Diharapkan dengan pemakluman ini, pihak Y.Bhg Dato'/tuan/puan dapat mengambil maklum mengenai keperluan kebenaran bertulis Lembaga dan bersama-sama dalam menjaga sumber air Negeri Selangor ini. Kerjasama daripada pihak Y.Bhg Dato'/tuan/puan adalah diharapkan.

Sekian, terima kasih.

'BERKHIDMAT UNTUK NEGARA'

'SUMBER AIR TERPELIHARA, ALAM SEKITAR SEJAHTERA'

Saya yang menurut perintah,

(HJ MD KHAIRI BIN SELAMAT)

Pengarah,

Lembaga Urus Air Selangor

## LAMPIRAN A

### ENAKMEN LEMBAGA URUS AIR SELANGOR 1999

#### Seksyen 43

**43.** (1) Kecuali dibenarkan secara nyata di bawah peruntukan mana-mana undang-undang lain, tiada seseorang pun boleh, selepas berkuat kuasa Enakmen ini mengendalikan, tanpa kebenaran bertulis daripada Pengarah, apa-apa aktiviti pengubahan sumber dalam zon banjir, rizab sungai atau mana-mana zon perlindungan atau zon penampungan yang lain yang diisytiharkan di bawah seksyen 48, atau pada, di dalam atau di atas sesuatu sumber air kecuali aktiviti itu adalah jenis yang telah diisytiharkan secara bertulis oleh Pengarah tidak memerlukan kebenaran.

**43.** (4) Seseorang yang melanggar seksyen ini adalah melakukan suatu kesalahan dan apabila disabitkan boleh didenda tidak melebihi lima puluh ribu ringgit atau dipenjarakan selama tempoh tidak melebihi dua tahun atau kedua-duanya; dan mana-mana bangunan atau pembinaan yang dibina atau didirikan melanggar seksyen ini bolehlah dialihkan atau

disebabkan dialihkan mengikut perintah Pengarah dan kos pengalihan itu hendaklah ditanggung oleh orang itu.

#### Seksyen 2

Tafsiran:

"aktiviti pengubahan sumber" ertinya pelaksanaan apa-apa kerja-kerja atau aktiviti yang melibatkan atau berkemungkinan mempunyai kesan :-

1. memisahkan, mengeluarkan atau menggali bahan daripada sesuatu sumber air yang mengubah keadaan dasar, tebing atau persisiran sumber air itu;
2. menggalangi, melencongkan atau menjejaskan aliran dan pergerakan air di dalam sesuatu sumber air iaitu pembinaan jambatan, lebuh raya, tambatan, benteng hakisan, pemecah ombak, pembentungan, laluan pejalan kaki, tanjakan bot, tambatan bot, rak ikan, kolam pemeliharaan ikan dan tanda navigasi pada, dalam atau di atas sumber air;
3. mengubah keadaan asal sumber air itu;
4. mengurangkan daya sesuatu sumber air untuk mengandungi air;
5. menebusgunakan tanah yang menjadi sebahagian daripada sesuatu sumber air.

# COURTESY VISIT TO CIDB

## 1 DECEMBER 2011

The courtesy visit to CIDB was attended by Ar Saifuddin Ahmad, Ar Mohd Zulhemlee An, Ar Ezumi Harzani and Ar Paul Lai Chu.

The meeting was chaired by Dato' Sri Ir Dr Judin Abdul Karim, CIDB Chief Executive. Other representatives were Ir Elias, Pn Sariah, Ir Ahmad Asri and En Sazali.

The issues discussed are as follows:

### 1. Clerk-of-Works

PAM expressed our view that a proper training centre needed to be set-up for architecture Clerk-of-Works. PAM offered to conduct the training courses with the support from CIDB in terms of facilities and venue.

CIDB is willing to support PAM's intention. However, the course structure needed to be reviewed to be a business model. CIDB also would like the structure to have linkages with the industries where there are jobs available for the trainee after completion of the course. CIDB agreed to form a working group with PAM and BEM / ACEM to review the course structure.

### 2. Building Information Modelling (BIM) Training Program

PAM asked for CIDB's assistance to obtain funding from the government for BIM training program. CIDB informed that the government is pushing for the implementation of this training program. Currently PEMANDU is requesting the funding from the government. CIDB said that if CIDB runs the training, they will offer "pay per use" basis which the users will only pay when they use the software on their jobs.

CIDB suggested that the BIM software has to be multiple platforms or any platform as decided by the industry partner. Currently, CIDB is open to any software provider to offer any module and packages suitable to be used by the industry partners. CIDB agreed to work together with PAM to look into the best service providers. CIDB also hoped that PAM could establish a training program that have linkages with the industries where there are jobs available for the trainee after completing the training.

### 3. Industrialised Building System (IBS) Implementation

PAM proposed to CIDB to organise a design competition for buildings using IBS solution, e.g. standard affordable housing design. CIDB agreed to the proposal and will form a working group and invite RISMA and ACEM to be involved. CIDB will need PAM to assist in promoting the competition and winners in any PAM's publications.

### 4. Green Labelling

PAM raised concern on the prolonged time taken by SIRIM to publish the Green Labelling standard. PAM urged CIDB's assistance to follow-up with SIRIM as Green Building Index (GBI) has been introduced since May 2009. The Green Labelling standard is the only missing link as now we rely on standards by other countries.

### 5. Green PASS

PAM hoped that the content of the Construction Industry Standard (CIS) on Green Performance Assessment System in Construction (Green PASS) constructed by CIDB is not a duplicate of the Green Building Index that has been developed by PAM. This is to avoid confusion amongst the public. CIDB informed that the standard is meant for government projects only.

### 6. Other matters

#### a) Composition of CIDB Board

PAM would like to get clarification on the composition of the CIDB Board. CIDB explained that currently there are four appointed from government and seven from private which includes REHDA, Persatuan Kontraktor Bumiputera Malaysia, MBAM which total up to 11 members. PAM asked CIDB to increase the number of committee members and considering PAM to be invited as a Board member. CIDB informed that the Minister of Works is the one who decides on the composition of Board members and he would decide if the current Act needs to be changed to increase the number of Board members.

#### b) Enforcement of CIDB Act

PAM expressed hope that CIDB will be stricter on enforcing the CIDB Act to the contractors, e.g. on Green Card. CIDB informed that under the new CIDB Act, CIDB will have more authority to take action against the contractors. CIDB hoped that PAM will support CIDB's effort by making announcement in PAM's publications if anyone found guilty of breaching the CIDB Act.

#### c) Registration of Project Managers

PAM enquired CIDB on how to control the Project Managers as they are not liable equally as the Principal Submitting Person (PSP). CIDB proposed that the Project Managers to be registered with CIDB. CIDB will work with other boards on how to move forward on this.

# COURTESY VISIT TO THE MINISTER OF HOUSING AND LOCAL GOVERNMENT

5 DECEMBER 2011

The courtesy visit to the Ministry of Housing and Local Government (MOHLG) was attended by Ar Saifuddin Ahmad, Ar Tan Pei Ing, Ar Ezumi Harzani Ismail, Ar S. Thirilogachandran and Ar Steven Thang Boon Ann.

The meeting was chaired by YB Datuk Seri Chor Chee Heung, Minister of Housing and Local Government. Other representatives were En Mohamad Yusoff Bin Ghazali, Mr Tan Lai Seng and Ms Esther.

The issues discussed are as follows:

## 1. Implementation of OSC and CCC system

Datuk Seri informed that the Ministry received complaints from the house buyers on the houses built not up to their level of expectations. Datuk Seri asked PAM to send reminder to their members to be more careful in issuing CCC and stages certification to prevent the above from repeating and to avoid abandonment of projects.

PAM informed Datuk Seri about the inconsistencies of practice by local authorities on OSC and CCC system, some of which include creating their own forms and requirements customised from the standard template issued by MOHLG. This customisation by local authorities is inconsistent and creates confusion to the users (public and submitting persons). Datuk Seri asked PAM to give examples on these local authorities. PAM named Majlis Perbandaran Klang, Majlis Perbandaran Sepang and Majlis Perbandaran Kajang.

PAM expressed hope that the Ministry will closely monitor the performances of local authorities to ensure improvement in the public delivery system and subsequently will attract investors to Malaysia. Datuk Seri said that the Ministry (under the Jabatan Kerajaan Tempatan) is always trying to do their best on this matter.

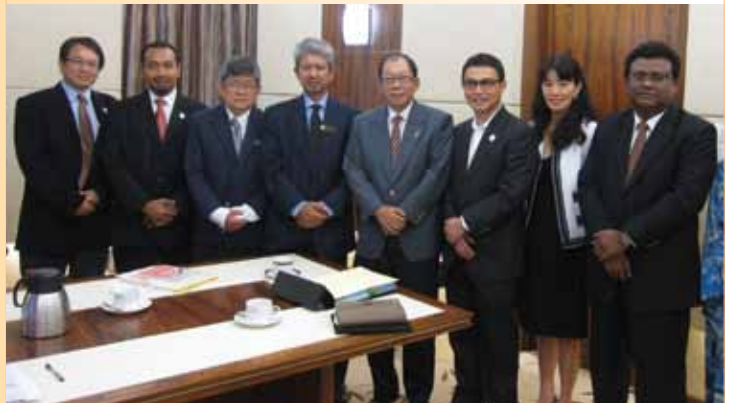

## 2. Housing Policy

PAM raised its concern on the PR1MA affordable housing policy set-up by PEMANDU which PAM worries that the irresponsible developers will take opportunities to convert the low cost housing developments to affordable housing developments by rebranding under PR1MA scheme. The Minister explained that such thing will never happen because only registered developers under PR1MA will be given permission to do developments. The developers must follow the criteria that have been set by the PR1MA committee. The Minister said that he will voice PAM's concern to the PR1MA committee.

PAM offered to organise competitions for buildings, e.g. design competitions, design construction competitions and usage of IBS in design competitions. The competitions could be in collaboration with others like CIDB and ACEM. The Minister agreed to the proposal.

## 3. Planning Submission Issue

PAM informed Datuk Seri that the Chief Secretary of MOHLG has made decision with regards to the submission for planning approval issue. The decision made was that the matter will remain as status quo, i.e. to follow the current Acts.

Following to that decision, the Chief Secretary has issued a directive to all State Secretary for them to inform local authorities under their jurisdiction accordingly. However, it seems that not many local authorities are aware of the directive. Therefore, PAM informed Datuk Seri that PAM will be writing to all State Secretary to inform the local authorities about the directive and to ask them to follow the directive.

## 4. Amendment to the Town and Country Planning Act 1976 (Act 172)

PAM raised concern on the proposed amendments to the Town and Country Planning Act 1976 (Act 172) which PAM is of the view that those proposed amendments would give more power to the State Planners (Pengarah Perancang Negeri). PAM informed that every Act should protect the public safety and health, not protecting a certain group of people only. PAM is of the view that other professions' concerns must also be taken into considerations when amendments are to be made. PAM informed Datuk Seri that PEJUTA and UiTM have submitted their objections on the proposed amendments.

PAM also highlighted that the professionals must allow freedom to the public for them to choose which professionals they want to engage either Architect, Planner etc.

## 5. Building Plan Approval

PAM expressed hope that the checking process for building plan approval will be simplified.

PAM also brought up the issue on the penalty charged by some local authorities on the amendment to the approved plan, i.e. ten times of the amendment fees which actually should be charged only RM60. PAM informed that the local authorities misunderstood the clause with another clause for penalty charge for commencement of work before approval of plan. Datuk Seri informed that he is not aware of such practice by local authorities. He will forward this issue to JKT for their further action.

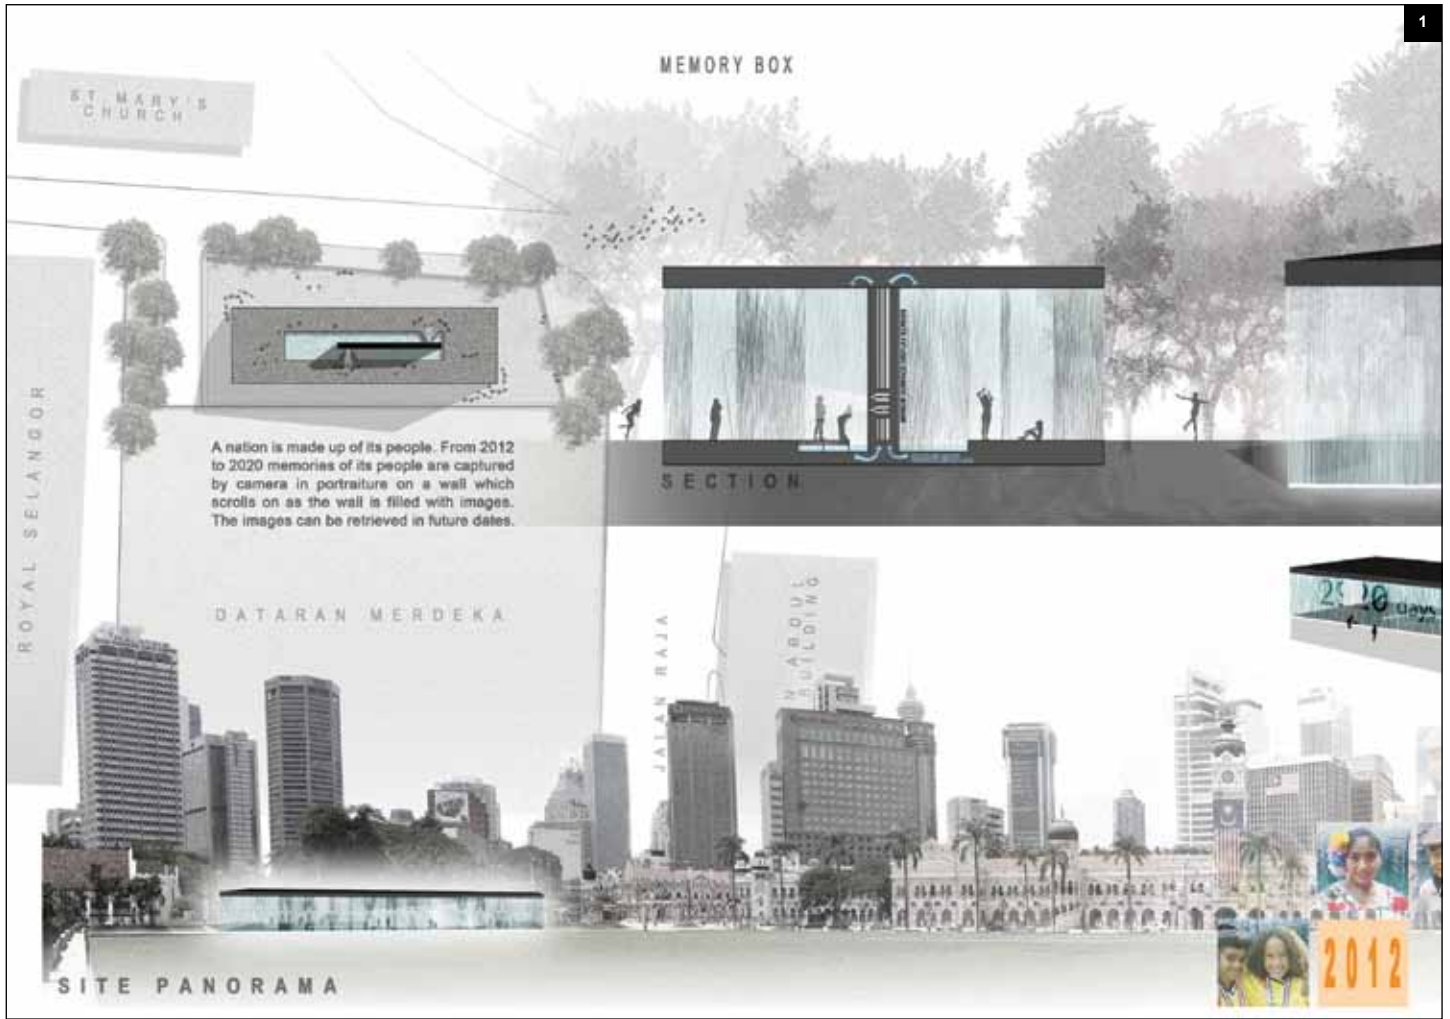

## 6. Other matters

### a) Landscape Act

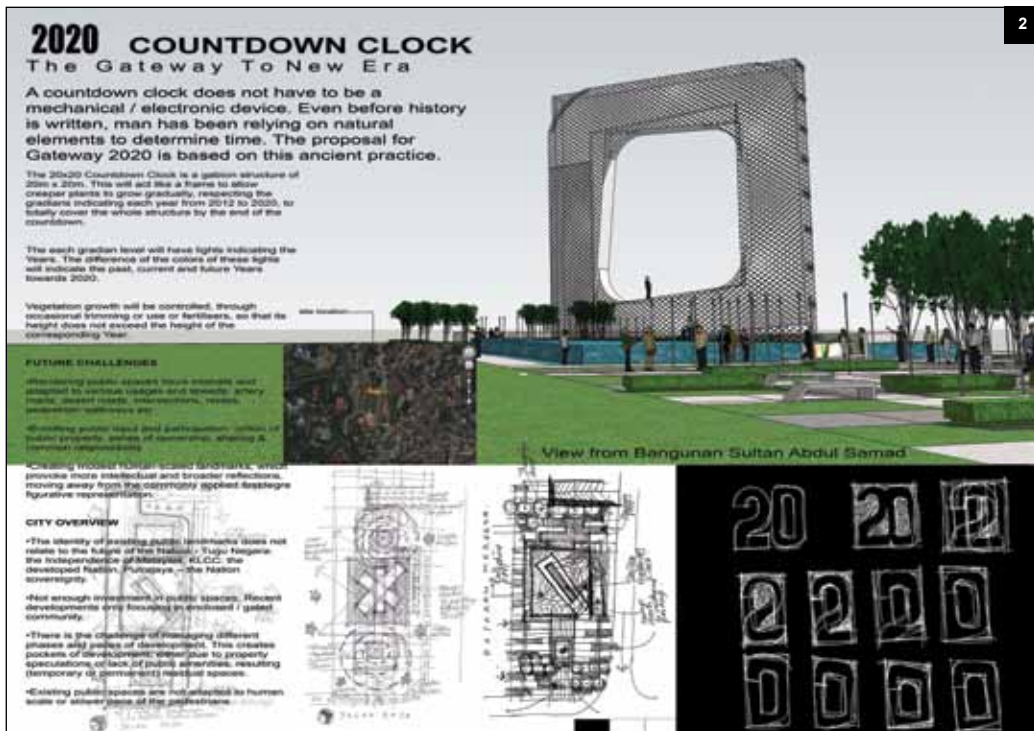

PAM informed Datuk Seri about the proposal made by the landscape architects to have their own act, i.e. Landscape Act. PAM expressed concern on the public safety and health as some of landscaping works may involve hardscape and building structure and these have to be submitted by qualified person.

## COMPLAINT FORM TO REQUEST FOR FEEDBACK ON LOCAL AUTHORITIES DELIVERY SYSTEM

After the launching and implementation of One Stop Centre (OSC) and Certificate of Completion and Compliance (CCC) since 2007, many complaints have been received from various parties dealing with the Local Authorities. The complaints are generally related to inconsistencies and discrepancies of OSC and CCC by different Local Authorities.

We enclose with this issue of Berita Akitek a Complaint Form for you to highlight issues you have with the Local Authorities with whom you have been liaising. A copy is also available for download from PAM website [www.pam.org.my](http://www.pam.org.my). The purpose of this survey is to gather feedback from Members in order for PAM to forward the encountered problems to the Local Government Department of the Ministry of Housing and Local

Government for them to take necessary action to improve the system.

Kindly return the completed form by fax (03-2692 8782) or email ([info@pam.org.my](mailto:info@pam.org.my)) or post to 4 & 6 Jalan Tangsi, 50480 Kuala Lumpur before 29 February 2012. You may also use this form and submit to PAM whenever you have any complaint.

Thank you.

Yours faithfully
